
Re: CONFIDENTIAL - Consultation with the Commissioner on the proposed appointment of a new Chair of Worcester Acute Hospitals NHS trust without open competition

1 message

I have had the opportunity to run this past the Commissioner today.

The Commissioner has agreed to the appointment of Sir David Nicholson for the period of a year, with the possibility of extending for a further year. He would, however, like to see a competition launched by the end of July next year.

I hope that helps. I have cc'd my colleague Phil, who has replaced Alex. If cases such as these are urgent, please feel free to copy him in.

with best wishes
Jennifer
